Tuesday, October 24

11:30-1:30 p.m.

Sycamore Room,
Lower Commons

David Meltzer

Founder and CTO of Cambia Security

“Striking a Balance Between Compliance and Security”

Come find out why compliance does not always equal security, including specific examples of regulation specificity, audit frequency, and intentions versus actual actions.

If you are interested in Information security, ISSA is an important organization to be involved with. It not only provides access to information through the ISSA website, but offers professional networking, career growth, leadership opportunities, and an online newsletter and monthly journal.
